TOTAL LOCKER SERVICE

The distributor of Helmsman products

For Lockers, cubicles and seating - Service, spares and new products

Introduction

Total Locker Service was formed in January 2008. We have a small team with high levels of knowledge, skill and commitment, working from our Bury St Edmunds base. We know we have the most experienced engineers in the industry and typically this can turn into a 20% saving for our customers.

We aim to provide service and replacement parts for lockers and cubicles anywhere in the UK. Our skilled engineers provide parts, repair and complete refurbishment on a one-off or contract basis, particularly to leisure centres and leisure parks, hotels, schools, and golf clubs.

In the first 6 months of trading Total Locker Service has gathered many new customers. A large number have signed up for Service contracts, while many others are taking advantage of a responsive spares service, cost effective new products and Income share agreements.

OUR CUSTOMERS

Center Parcs

Leeds City Council

Pontins

Morayshire Council

Angus Council

Fenwick Ltd

Cambridge University

Many schools and colleges

Kirklees Active Leisure

DC leisure

Sports & Leisure Management Ltd

Bourne Leisure

Boots Ltd

Birmingham City University

Portsmouth University

Many leisure centres

Service agreements can be tailored to suit individual customer needs and can cover both lockers and cubicles. A group contract enables costs to be reduced still further.

A service contract is a cost effective way of extending the life of the products and reduces the frustrations of both customers and staff because the centre functions well and keeps belongings safe. Customers are able to relax and enjoy their stay while staff receive fewer complaints about broken, dysfunctional changing rooms.

Key	Nimrod exchange key & barrel with cap

NO BUDGET? CONSIDER INCOME SHARE

INVEST IN THE BEST.....

PAY NOTHING NOW AND SAVE MONEY

What's the Deal? Buy new lockers and cubicles or have complete refurbishment at no cost to your centre; plus a preventive maintenance programme with regular service visits and all parts replaced at no cost to the centre, inclusive as part of this package.

How does it work? Our agreement is based round the annual number of locker users; the income generated from the use of the lockers is split between your centre and us.

Contact us for a free survey and discuss how we can tailor this package to suit your requirements.
